WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS. If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and seek medical attention.

To avoid battery leakage:

- Do not expose battery to excessive physical shock or vibration.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- DO NOT OPERATE THE NINTENDO DS WHILE USING THE WIRELESS FEATURE WITHIN 9 INCHES OF A PACEMAKER.
- IF YOU HAVE A PACEMAKER OR OTHER IMPLANTED MEDICAL DEVICE, DO NOT OPERATE THE NINTENDO DS WHILE USING THE WIRELESS FEATURE without first consulting your physician or the manufacturer of your device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and onboard aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

N₂O Boost gives your car a temporary speed boost by injecting nitrous oxide into the engine. The squares show the number of N₂O Boosts available. To get new boosts, you must fill the gauge displayed above the squares by passing cars without touching them, drifting through corners and destroying objects in your path. When the gauge reaches 100%, a new boost is ready to be used and the gauge is reset to 0. Press the A Button to use a boost and unleash the power of your car.

MULTI-CARD PLAY

Multi-Card Play mode allows several players (from two to four) to race together. To access this mode, select Multi-Card Play from the Main Menu. You will then have several options, depending on whether you would like to join an existing game or host your own.

If you wish to start your own game, select Host Game. Next, select the game mode you want. Then, when a player wants to join your game, you will be asked to accept or decline him/her. Once all players have joined your game, you can select your car and the track. At this point, it is impossible for additional players to join the game.

When all players are ready, you can select Start Game to begin the race.

JOIN

If you wish to join a game hosted by another player, select Join Game. You will be taken to a screen listing the detected devices around you. It may take some time before the desired host appears. Highlight the host you wish to join and confirm your selection. Once the host starts the session, you'll be able to choose your car, but only the host can select the track.

There are three Multi-Card Play game modes:

- **Single Race:** Race other players on a single track.

Product / Documentation Replacements

Please contact a Ubisoft Technical Support representative directly before sending your product to us. In many cases, a replacement is not the best solution. Without an RMA number from a support representative, your replacement request will not be processed.

If the product was damaged through misuse or accident (cracks, scratches), or if you do not have a dated sales receipt, then this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period.

After the 90-Day Warranty Period

Please return the product (media only) along with a check or money order for the amount corresponding to your product (see replacement fees below) made payable to Ubisoft, a brief description of the difficulty you are experiencing, including your name, address (no PO boxes), RMA number, and phone number to the address below.
